

## Enter the VILLADORA world

VILLADORA brand offers exceptional collections of doors plenty of ready-to-use ideas and satisfying the most demanding tastes. Thanks to their timeless appearance they emphasize the aesthetics of stylish, elegant and modern interiors. Diversified design and best quality materials have helped create doors for the most sophisticated interiors of eclectic nature, but above all functional.

Creative understanding of space expressed by experience and sensibility to new trends is the most important for an architect.

Experience helps create the best quality everyday objects with the best materials.

The aesthetic sensitivity in combination with love of creation makes the designed collections meet the worldwide trends and enrich the interiors with fashionable inspiring accents.

We offer you two completely different door collections: VILLADORA Retro and VILLADORA Modern representing a broad outlook at the interior philosophy. These are collections which create an exceptional atmosphere and allow to maintain a clear discipline of space.

Models in both collections both divide and connect the rooms while imparting a stylish and elegant character to them.

We are convinced that the inspiring VILLADORA designs will meet your expectations and stimulate your imagination in unexpected direction not discerned so far.

## Retro collection

VILLADORA Retro collection is an inspiring trip into the past from the cannons and designs of which we drew all what was timeless and classically elegant.

## RETRO door leaf

Rebated RETRO door leaves consist of a construction frame made of quality wood, plywood, chipboard and MDF panels completed with especially selected tempered matt pane.

Door leaves are fitted with the following types of locks:

- four variants: for regular key, cylinder insert, bathroom lock, without the key option;
- two colours: golden shine and silver matt.

The colours of lock and lock strikes mach each other.

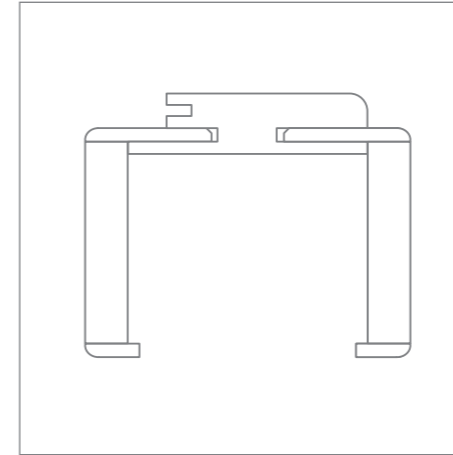

This door leaf is adapted for three hinges. The leaf part of hinge is provided with the door frame.

Leaf dimensions:

- single leaf: „60”, „70”, „80”, „90”, „100”,
- double leaf: „120” – „200”\*.

\* For double leaf doors any selected set of leaf dimensions may be used.

## RETRO Door Frame

Adjustable door frame available in eleven wall widths ranging from 75 mm to 300 mm.

The frame consists of jambs, adjustable 80 mm wide angles, necessary fittings and accessories.

The frame may be adjusted to the wall thickness, therefore it affects the assembly finish.

Reinforced hinge pockets guarantee construction stability even with very intensive use.

Available options:

- standard door frame version – i.e. fitted with circumferential gasket, three 14 mm dia pintle hinges, lock strike;
- tunnel door frame version – i.e. without rebate and gasket, hinges and lock strike;
  - door frame for double-leaf doors – devoid of lock strike, fitted with circumferential gasket, six 14 mm dia pintle hinges (three in each jamb) c/w drilled opening and plug for inactive leaf strike.

## SAND Model

Both modern and traditional interiors require a particular ornament.

Through its simplicity the SAND model perfectly fits in each interior while a wide colour range of veneers allows arrangement of the space in an unlimited manner.

## SPACE Model

An interior in which a spatial arrangement prevails enchants by the most natural simplicity.

Qualities of natural wood are perfectly displayed in SPACE model which arranges the interior and emphasizes its geometry and horizontal line layout.

In the same way as the space inspires for unlimited research.

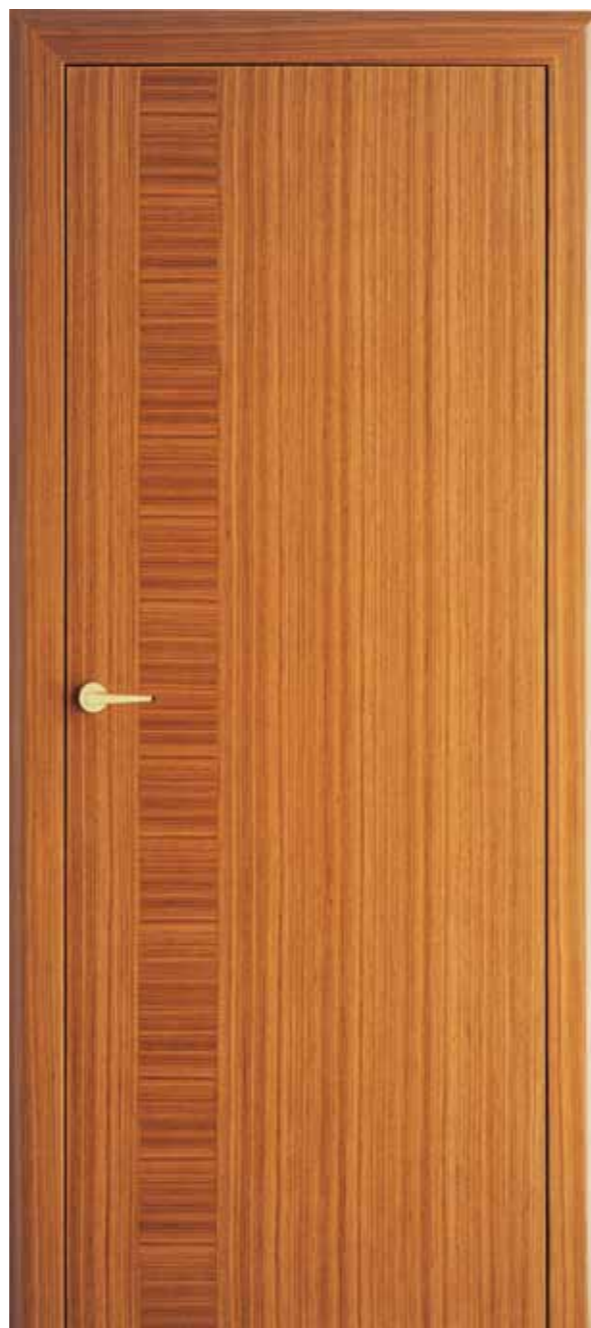

## LINE Model

Straight line layout and their symmetry give a feeling of peace and harmony.

The aesthetic order created by classic natural veneers imparts a unique style which is reflected in LINE composition.

This is the beauty of simplicity which never goes out of fashion.

## ETHNO Model

In search for beauty sources it is worth to take from traditional inspirations. The harmony of ETHNO model original shape and form creates a unique atmosphere of the interior.

The appeal of exotic attracts and enchants.

## TEA Model

Sense of taste is an individual question though the ideals of beauty are ageless.

Classic elegance, line symmetry, use of the noblest materials give a stylish look.

You can really delight in the TEA doors noble composition.

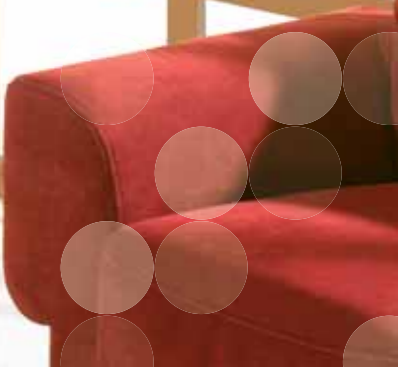

## SCALA Model

To achieve a scale effect there is no need for great undertakings. What counts is the idea of composition and proper selection of features.

Because of a wide range of colours of natural veneers SCALA doors impart a distinct character and style to the interior.

## PANAMA Model

Objects created with passion and imagination allow to appreciate any aspect of beauty. With natural colours and functional arrangements modern and temperamental forms arise such as PANAMA doors with which the beauty gets new look.

## ISLA Model

What is at hand may be inspired by something distant. Travel into the unknown allows to look at the everyday life from a different perspective.

This is the way ISLA line was created – a remarkable clash of exotic and classic.

Because the whole world may inspire.

## MODERN door leaf

Magnetic locks fitted in the MODERN collection leaves significantly increase the product functionalities. Lock tongue has an integral magnet which is attracted by the magnet fitted in the door frame lock strike; therefore the handle is pushed only to open the door. Very silent lock operation is another advantage.

There are three types of magnetic locks available: for common key, lock cylinder, WC blockade, in two colours: gloss gold or gloss nickel. Lock colours fit the lock strikes.

MODERN collection leaves are made in non-rebate version to make the leaf surface flush with the frame. After assembly the gap between the leaf and frame is only 4 mm wide.

Door leaves are universal - neither left nor right handed. Each door side is established with the door frame selection.

In order to ensure stability and resistance of the construction the hidden hinges are provided with reinforcement underneath.

The leaf part of hinge is provided with the door frame.

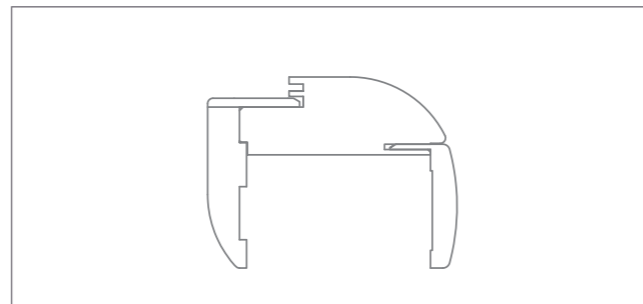

## Oval door frame

Adjustable type frame with 64 mm and 96 mm wide trims consists of jambs, adjustable wide angles, necessary fittings and accessories.

The following versions are available:

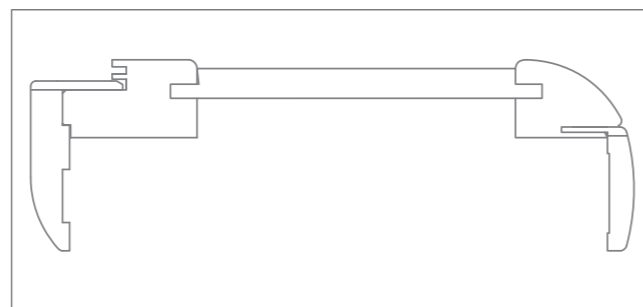

- standard version for wall width ranging between 100 mm and 290 mm, and for a standard version with extension panel\*
  - for wall width ranging between 290 and 390 mm – fitted with circumferential gasket, magnetic lock catch and hidden hinges;
- tunnel type\* – for wall width ranging between 120 and 340 mm, with the use of adjustable panel; without rebate and gasket, lock and lock catch.
